INDEPTH PRODUCT DESCRIPTION:

RIO® EASY ART NAILS™

Nails are one of the most noticed parts of our body. Whether you are talking with somebody or just doing some work, your nails will always catch the attention of people around you. Appearances matter a lot...at the very least it is very important to have healthy, clean nails. But nowadays you can do more: along with healthy, clean nails why not have nail designs which are uniquely yours?

Rio® now gives you the opportunity to have your own nail designs. Rio® Easy Art Nails™ offers unlimited scope for stunning, innovative, customized nail designs.

With Rio Easy Art Nails™ you can create fun and unique nails in just three quick and easy steps, without a paintbrush in sight!

The whole process takes just minutes and produces really great looking nails. Create your very own unique look that you can change whenever you fancy with no additional expense.

THE APPLICATION

Before you go wild on your nails it's a good idea to read the instructions for inspirational ideas as well as great tips and techniques.

TOP TIP: You might want to practice your designs on a sheet of paper before you try it out on your nails.

Before you start make sure your nails are clean, dry and grease free. Rio® Easy Art Nails™ can be applied to your natural nail or to a base coat colour of your choice.

Choose the design you want from one of the three design plates. Cover the chosen design on the plate with printing varnish then wipe off the excess. Gently press the printing stamp onto the design plate to transfer the shape onto the stamp. Use a rolling action to transfer the design off the stamp onto your nail. Apply a coat of 2-in-1 varnish to protect the design and that's it done.
